12/14/2018	Four Peaks Elementary School	270	20

Canyon Sounds Performance Series presented HARPFUSION on Friday, December 14, 2018 for a public performance in Gold CANYON and in seven schools in east Maricopa and Pinal County. This is one of the most creative and exciting ensembles on the current concert scene. The highly innovative harp ensemble was named by the members of the group because of its unique fusion of many different styles and cultures represented in their repertoire. It is the largest touring concert harp ensemble in the world and has a repertoire that includes, Classical, Jazz, new age, and folk. The ensemble has included harpists from Taiwan, Japan, Egypt, Russia, Puerto Rico, Canada and the United States.

The music that HarpFusion performs is written and or arranged by a member of the group. HarpFusion's international concert appearances have included Russia, Czech Republic, Japan, Indonesia, Puerto Rico, China, Korea, Switzerland, Spain, and of course the United States.

The Gold Canyon Arts Council believes in the importance of arts education and contracts all of our presenting artists to create interactive workshops, masterclasses, performances, and other creative in-school residency activities exclusively for local students. Students are invited to attend these workshops, school-day performances and master classes-at no cost, thus allowing local children to experience world-class arts presented by world class artists.

EDUCATIONAL OUTREACH

The members of HarpFusion went to the schools in groups of two harpists and performed at three locations in the morning and four locations in the afternoon
